

RAJA THAPA

## UI/UX Designer & Full-Stack Developer

Kathmandu, Nepal · +977 9768446227 · pdvladking@gmail.com

GitHub: [github.com/pdvladking](https://github.com/pdvladking)

## SUMMARY

Full-stack developer with UI/UX precision. Executes modular builds, scroll rhythm, and digital identity with React, Next.js, and Tailwind. Known for solo execution under pressure and recruiter-grade polish.

## SKILLS

- React · Next.js · Tailwind · Express · Node.js · MongoDB
- Semantic HTML · Flexbox · Grid · Accessibility
- UI/UX Design · Animation · Layout Rhythm
- Deployment: Vercel · Render
- Branding · Social Strategy · Creative Networking

## EXPERIENCE

### Mindrisers Institute of Technology

*UI/UX Designer & Full-Stack Developer · Jan 2025 – Present*

- Built hospital management system (MERN)
- Developed modular e-commerce platform
- Refined layout logic and scroll rhythm
- Certificate: MERN Stack Training (MR-81075-MS)

## PROJECTS

- **Hospital Management System** — MERN build with dynamic appointments and admin views
- **E-Commerce Platform** — Product showcase with cart logic and responsive grid
- **Eden-Tattoo-Studio** — Dark theme, unified layout, live project integration
- **Event Portal** — Real-time MERN platform with template selector and RSVP flow. Built solo, deployed on Vercel

## EDUCATION

Self-taught through builds, certifications, and iteration

- MERN Stack Training — Mindrisers Institute
- Responsive Web Design — freeCodeCamp (FCC-RWD-0725)
- Data Structures & Algorithms — freeCodeCamp (FCC-DSA-0925)
